

COLON AND RECTAL SURGERY ASSOCIATES
MEESE, TOLLAND, RITTER AND WILLIAMS, M.D. P.A.
VESC, INC. POESC, INC.

To Our Patients:

If you have ever checked into a hotel or rented a car, the first thing you are asked for is a credit card, which is imprinted and later used to pay your bill. This is an advantage for both you and the hotel or rental company since it makes checkout easier, faster, and more efficient. Also, if you have ever ordered your prescriptions by mail order, you know that you are required to have a credit card on file for payment.

We have implemented a similar "Easy Pay Policy." You will be asked for a credit card number at the time you check in and this information will be held securely until your insurance company has paid its portion and notified us of the amount of your responsibility. At that time, any remaining balance owed by you will be charged to your credit card. This amount is clearly listed on the Explanation of Benefits (EOB) form which is sent to you by your insurance company.

Co-pays, of course, will still be due at the time of your visit.

Using "Easy Pay" eliminates statements, all necessary information is on your Explanation of Benefits form. **For patients who wish to continue receiving billing statements, there will be a \$2.00 processing fee each time a statement is sent.**
